

Con-Con delegates selected for 6 major committees

By Richard Crabbe

Con-Con delegates from the northwest suburbs will be nominated Saturday morning for committees that will be the state's constitution tomorrow.

Con-Con delegates from the northwest suburbs will be nominated Saturday morning for delegates by telegram on Sunday of the committees to which they have been assigned to them. The full convention must approve all committee appointments.

The northwest delegation will be nominated for the Local Government, Education, Bill of Rights, Revenue

and Finance, Judicial and Rules committees. The northwest delegation, was told Sunday that he will be appointed to the Committee on Legislative, Executive, Constitutional Amending and Suffrage, and the Committee on Style and Drafting and Public Information committees.

THE NORTHWEST delegation, delegate from the Education Committee. Both of the delegates from the 4th District (Moline and Niles Township) will be nominated by Witwer to the education committee.

The northwest delegation will be nominated for the Local Government, Education, Bill of Rights, Revenue

and Finance, Judicial and Rules committees. The northwest delegation, was told Sunday that he will be appointed to the Committee on Legislative, Executive, Constitutional Amending and Suffrage, and the Committee on Style and Drafting and Public Information committees.

Mrs. Virginia Macdonald of Arlington Heights, delegate from the 4th District, was nominated for the Bill of Rights Committee. John G. Woods of Arlington Heights, delegate from the 4th District, who had earlier been assured by President Witwer that he would be nominated to the Committee on Local Government.

Mrs. Jeanette Mullen of Des Plaines will be nominated as vice-chairman of the committee. Dr. Clyde Parker of

Linwoodwood, the other 4th District delegate, was told Sunday that he will be appointed to the Committee on Revenue and Finance and the Committee on Rules and Credentials. Delegates from the 3rd District, Crystal Lake, the other delegation from the 3rd District, will be nominated to the Judicial Committee.

EXCEPT FOR Mrs. Macdonald, all delegations from the northwest suburbs are being nominated for the northwest committee on legislative, executive, constitutional amending and suffrage, and the committee on style and drafting at the request of President Witwer.

Each was requested to list three committees in the order of preference. Woods, Parker, Mullen and Ladd are to be nominated to the committee with which they made their first choice.

Mrs. Macdonald listed the Judicial, Education and Revenue committees as her choices in that order.

"I WILL SERVE ON THE BILL OF RIGHTS COMMITTEE," Mrs. Macdonald said. The Day shortly after receiving the Witwer telegram of nomination said she had no objection to being dropped and the reduction of the number of persons serving on just one committee.

Mrs. Macdonald listed the Judicial, Education and Revenue committees as her choices in that order.

One of many important matters to be decided by the committee. The master of capital punishment is to be decided in that committee. Search and seizure, the right to bear arms, dropping and the reduction of the number of persons serving on just one committee.

Mrs. Mullen is to serve, is scheduled to meet at 10 a.m. Tuesday.

The northwest delegation is responsible for screening all proposals made to the Convention. It is to determine whether any issue will come before the Illinois General Assembly.

be an interesting one on which to deliberate," said Mrs. Macdonald.

THE CONVENTION will meet at 1 p.m. Tuesday for its first meeting of the new year. The Convention on Revenue and Finance, on which Mrs. Mullen is to serve, is scheduled to meet at 10 a.m. Tuesday.

Milburn Bros. gets Busse Rd. contract

The successful bidder for the 1.46 miles of concrete pavement on Busse Road between Elgin and the Northwest corner of the highway west suburbs (\$10.5 million) is Milburn Bros., Inc., Chicago. Prospect, Illinois' Public Works Director, William F. Collins announced.

Milburn's bid of the contract was \$1,653,817. The project involved two contracts, one to be let in January, so that it may still be used while construction continues and the present two lanes of traffic will be replaced with new concrete.

The project includes turning lanes, shoulder widening at Dempster and Alpineon, where the village of Mount Prospect has agreed to pay 50 per cent of the cost from motor fuel tax funds, or a total of \$1,000,000.

A further financial advan-

ture to the village is the re-use of old asphalt which is an enterprise to be developed by the government in the March 17 Republican State primary.

Collins said the project

will be expanded

so that it will be substantially enlarged in the process.

Board to consider final draft of Laseke contract

The Arlington Heights Village Board will consider the final draft of a new three-year contract with Laseke Disposal Co., which raises residential garbage collection rates from \$3.15 to \$4.40 per ton.

The contract, approved last month by the board's finance committee, has several provisions, including a six-month probation period for the trash-carrying company and regular semi-annual performance reviews.

As approved by the finance committee, the contract gives the village manager the right to arbitrate disputes between Laseke and its customers.

In case any of you gals mention your delighted interest in the new football star, blurt it on the number of football games on the book you've got.

Since Dec. 27, right through yesterday, there were 16 color full reports to the news nerves of your boy or herself. There are three to go: Senior Bow, Super Bowl, and the Super Bowl, 10, 11 and 12. One local wife of many years even wrote a poem on her approach.

"It won't be a total loss," she said, proving she knows the game well enough to let her husband important questions like, "What's the score?" if he mentioned him during the Orange Bowl.

It may do as well until the play on television is at its most exciting. The answer is always "sure, sure." It is also a good idea to let your husband change just after the commercial or when you hear the first few notes of the theme. For some silly reason, men are absolutely oblivious to what's going on in the game, according to a game. It's great."

AN ICE STORY

The relative of a local resident has to fly from here to Cleveland, Ohio, from where he can get to his son in Canada. He makes like, "If God meant man to fly, he'd have given him wings." So he has to get off the ground. The letter she firmly states every time he asks for a hand in the local field.

"She does sometimes get a hand, but she means it when she says, 'I'm not going to buy for coverage up and goes

A crescendo of color can be composed from the floor up by using a lush rug as the tonic note. Here "Forêt" by Regal adds an emphatic accent in gold, orange and red. The setting is designed by Frances Altman-Womans, Womans Society of Christian Service, United Methodist Church, Webster Place, Des Plaines. Regal rugs are carried by Arlington Furnishers and Lin's Drapery, both in Arlington Heights.

Pastor will address Society

Rev. Walter L. Kimbrough, pastor of the Auburn Park United Methodist Church, Chicago, will be the guest speaker at the Women's Society of Christian Service luncheon, Friday, Jan. 9, at Webster Place, Des Plaines. The Auburn Park United Methodist Church, 11 E. Golf Rd., Hoffman Estates, is the January general

meeting for the society, and the public is invited.

Rev. Kimbrough has been invited to speak on "The Topic." The topic will be an introduction to the study course.

Rev. Kimbrough has received his B.A. degree from Morris Brown College, Atlanta, Ga., and his B.D. degree from the Interdenominational Theological Center in Atlanta.

That will follow at the church beginning Thursday morning, Jan. 15, and continuing each Friday at 9:15 a.m. through Feb. 12.

The Rev. Kimbrough has been active in all phases of DAR work on all levels, committee, state, and national. The speaker is project of the Juniors in the Helen Pouch Fund, which provides medical aid to children in need. DAR-supported clubs, Kate Duncan Smith School in Alabama and Tamara in South Carolina.

To finance the fund the Juniors are holding a newspaper sale to help bazaar during the state and national meetings. Junior members of the club are:

Mrs. Thomas Thomas; Mrs. Diane J. Junius; Mrs. Mary Jo Karp; Mrs. Allan Scheid, program chairman; Mrs. A. A. Ahrens; Roberta Johnson; Mrs. Barbara Hugel; Mrs. James Summers, and Mrs. J. Thompson.

ANOTHER Junior activity is the Junior American Citizen project. This year the Juniors are to all boys and girls from kindergarten through high school age. Now, 275 Juniors have participated but hope to have this program throughout the nation. The objective of the committee is to teach the American citizenship to young people and embrace children of every race and creed. There are no dues, and all materials are provided by the DAR.

Most of the JAC clubs are in the public schools and at the private schools. The Juniors are also concentrated in primary and preschool schools, con-

munity and settlement houses, boy's clubs, churches, classes for disabled children and state and church homes for children.

Activities include patriotic history, respect for the flag, government, civics, conservation, health, safety, personal hygiene, nutrition and community service as well as many social activities.

The year the JACs collect money for the veterans at the Great Lakes Naval Hospital. This project was started by Mrs. William Mayes, chairman of the veterans patients committee.

Women's clubs

Furniture fashions run the gamut, imports grow in popularity

By Frances Altman

New furniture styles are running the gamut at the open-to-the-public International Home Furnishings Market in Chicago. All the major manufacturers are displaying their new styles exclusively to retailers. Next week, beginning on Jan. 12, the public will be able to view many of the same settings at the Merchandise Mart.

Guided tours will be conducted from 10 a.m. to 4 p.m. Monday through Friday at a nominal charge of 50 cents per person. Children under 12 will be admitted free when accompanied by an adult.

Most furniture manufacturers appear to have stayed with their established specialties, although some are being attracted by the New Modern design.

SOME OF THE NEW MODERN American designs: much of it is imported from Italy, the Scandinavian countries and Germany, where extensive manufacturing have developed.

"There is a desire for comfort qualities," the New Modern demonstrates fresh application.

Though many of them are whimsical shapes, they may well be the most comfortable pieces of furniture available, according to manufacturers in plastics as well as wood.

AT LEAST three manufacturers of high quality bedroom and dining furnishings are making distinctive collections. They are the National Association of Furniture Manufacturers. That specialty group includes the concern of the consumer who may wish to choose a piece of furniture to harmonize with furniture she already has.

DAY PUBLICATIONS
Monday, January 5, 1970

If snow is your thing, you're not alone. You're probably destined to become one of the one million snowmobile owners in the North American snow belt.

There's no need to give up fashion for warmth. Ski-Doo Sports, Ltd. has designed a wardrobe especially for snowmobilers. From head to toe you'll find warm accessories for everyone, even in après snowmobiling attire.

A new fabric, Vistram, is used in this flattering one-piece snowmobile suit with fur-trimmed hood. Vistram looks like leather but doesn't become brittle in cold temperature. It's air permeable allowing it to breathe and maintain a suppleness at any temperature.

His and her one-piece nylon snowmobile suits with orion fleece are the warmest thing on the snowmobile trail.

These boots are definitely made for snow. TNT snowmobile boots are ankle-padded and come in black with yellow racing stripes and a removable felt liner.

Colorful hip hugger sweaters, 100 per cent wool, are great before and after snowmobiling.

There's still more—fiber glass helmets; goggles; wool tuques; finger mitts; socks; thermal underwear; seal skin boots; mukluks; shearling boots; snow shoes; kidney belts; saddlebags and a duffle bag to put it all in.

Snow safaris can be found where the action is—and they're very warm and fashionable.

Your Horoscope

FOR TUESDAY

SAGITTARIUS (Nov. 23 - Dec. 22) Though you may hesitate to take a chance, putting a foot forward is the only possibility, you might be wise to do just that.

CARCINUS (Dec. 23 - Jan. 20) Don't take a financial setback too much to heart. Good fortune will begin to brighten before long. Meanwhile, when you can,

ARIES (Feb. 21 - Mar. 20) You will be reasonably compensated for the ways you may not yet have shown your snowballing influence to your mother's good graces.

TAURUS (April 21 - May 20) You will be more abundant than you can afford to let one go unmentioned. Express your appreciation openly.

GEMINI (May 22 - June 21) The time has come to move in the right direction and you should be able to accomplish things in a new and more profitable way today.

CANCER (June 22 - July 22) You will be surprised by a new opportunity that you fail to see in the faintest outline.

LEO (July 24 - Aug. 23) Your understanding of another's point of view will mean much to your relationship with a love one as love itself.

VIRGO (Aug. 24 - Sept. 23) Look for the reason behind another's actions. You might be surprised to find out that such was there was no other choice.

LIBRA (Sept. 24 - Oct. 23) When you get all the information in is before you make your decision regarding a move. Things are not always what they seem and probably aren't.

SCORPIO (Oct. 24 - Nov. 22) The more issues you become over minor issues, the less you are going to be able to fight off the major ones.

Safety program coming at Central, Busse

By Ben Clarke
Staff Writer

Here again is the story of the slow-motion reconstruction of Central and Busse Roads. The intersection, which was last resurfaced in 1969, is scheduled to get traffic signals and right turn controls next month. Total cost: \$40 million highway improvement program on Cook County.

The project at the intersection, which is shared by Mount Prospect and Arlington Heights, is one of two separate projects which were tentatively announced last month. The other is a major traffic manager for State District 10 (Cook County) yesterday day. The first major traffic manager improvements will be made this spring.

Reconstruction planning for the project will open late next month. contracts will be awarded in early spring and work will begin "as soon after that as possible." The estimated cost of the project is \$500,000, he said.

STATE HIGHWAY officials as well as Mount Prospect and Arlington Heights police hope the new signals will cut the number of accidents and improve the flow of traffic on both Central and Busse.

"As far as we know now is to keep our fingers crossed and hope the best," said Fred Hirsch, commander of the Mount Prospect police traffic section. "For quite some time now we have had stop lights were needed at the intersection. We have the best answer to the problem of accidents and traffic flow."

BOLDEN SAID THE TURN SIGNALS will aid in controlling traffic right-of-way at intersections with the least number of conflicts and the fewest accidents. When additional controls are added, this is often the case, as in the case of Central.

Hirsch said that of course there would be additional complications because of the additional complication factor. We feel, however, that the traffic signal is the exception to the rule."

Bolden also pointed out that the new signals will be installed at the intersection of Central and Busse.

With the new check account plan, the bank is able to give a customer a loan in as little as 24 hours. It costs less than \$100.00 to open a checking account, he said.

Grove attributed the bank's rapid rate of growth since its beginning in July of 1969 to the fact that it offers a full range of services.

However, those who received head injuries was taken to Holy Family Hospital where he was treated.

Patronen John Lopata charged Helgeson with failure to reduce speed to avoid an accident.

With temperatures predicted for 10 below zero and as much as 12 below tonight, this was a normal scene in the area last night. Vapor from the breath nearly hides the faces of John Fischbeck (right), of 17 N. Wilke Place, and of 16 N. Wilke Place, as they check the anti-freeze in an auto at Wickesmen's Shell Service, 310 Northwest Hwy., Mount Prospect.

Sidewalks are possibility along Camp McDonald

Valley had received from Thomas G. Cots, Cook County's Superintendent of Highways, a map of proposed new sidewalks and a map of the area that would increase the right-of-way for the highway department in the northwest corner of McDonald Rd.

eration, "though it has been discussed, this would be considered a major proposal which would require a complete study and appropriation of funds."

Capt. Jack Aldrich, commander of the Arlington Heights Police traffic division, said he expects that new signs will help regulate the entire traffic flow on the 1.8-mile stretch between the two main streets of Bensenville. When the light turns green, the traffic will leave.

MANY COLLISIONS ON Central Rd., Aldrich pointed out, often involved vehicles turning onto Central from the side streets or onto the side streets from Central.

"That's what it's all about," said Aldrich, "should help in the planning of traffic behavior along Central and Northwest Hwy. This means, for example, that westbound traffic will have to wait until the light leaves the road clear for autos to pull onto Central from the side streets of Bensenville. When the light turns green, the traffic will leave.

Right in a group, but a few seconds later, it will turn red again, leaving another gap for intersection traffic to pass through. It's a relatively long stretch because of the two main arteries, Aldrich said.

"They many times would ex-

Aldrich also pointed out Central and Prospect 1/4-tenths of a mile west of the intersection of Prospect and Kildare, from the offices and factories on Arthur Ave. "It's a very busy area, so it's necessary to be at the corner during the afternoon, recess time," he said.

The new Prospect and Kildare extension complex has an exit on Prospect, and Aldrich said Central still needs to be at that point.

He stopped by Central and Arthur, which is many blocks away, but at least the installation of the signal at Bensenville is a good sign, he said, "which should prove its value almost immediately."

Barber shop singers set 20th annual show

The Arlington Heights Chapter of the Society for the Preservation of Traditional Singing in America, Inc., presents their 20th annual show on Saturday, Jan. 17, at the Glenbrook South High School auditorium in Glenview.

The theme is "The Best of the Arlingtons," will feature the Arlingtons Chorus directed by Arthur L. Miller, and the Buffet Quartet will perform the Four Knights, 1965-66 International Chorus, and the Midpoint Oters.

Both groups are from the Chicago area. Tickets are \$5 and may be purchased at the door.

The Pipers Quartet from the Arlington Heights Chapter will also sing. Member

Elaine Ron Cuyler, 23, of Elgin, Arlington Heights, Robins, Elmer, 22, of Maywood, Hoffman, 24, of Elgin, and David A. Esman, 24, of Bellwood, Hoffman Estates, and Paul Ceder, 24, of Northbrook, member, Duane McCormick, 27, of W. Durham Dr., Elmhurst, will moderate the program.

Co-chairmen for the show are Dan Krebsbach, Sr., 715 N. Belmont, Arlington Heights, and John M. Morrison, 1708 N. Cicero, Elmhurst. Tickets are \$5 and may be purchased at the door.

For more information call Fred Tuller, 253-1100.

Glenbrook South High School is in Glenview and Elmhurst.

Day by Day

Clean sweep

By Catherine O'Donnell

There's something fascinating about a clean sheet of type paper, curved to nearly over the rim of the typewriter.

There was also something fascinating about the look of relief when the typewriter had finished its task of busily hammering in the keys, grocery store yesterday.

"It's like a book that's been gone back to the beginning of the city as the seasons are broken by residents with looks similar to the face of a football player who just scored the winning basket," just scored the winning basket.

That's a great period somewhere in this month before the bills come. (Did you know that the bills for last year I spent \$20 on her? There are the types that will never come back to the typewriter, the despair in the heart of the writer who spent the night before Christmas writing them together. The decorations are coming down except for the tree.

The pine trees (expensive this year) are showing in the yard, the weather is bleak. Some lucky souls are having last sun rays now, others are looking forward to the annual jaunt to the sunny south. And you are listening, those who are not, to the voices of crop television sets. He's too green, he's too red. Does he have a new coat? He's got the last for more color." All things occurred, it was intended, for Christmas cards never seemed so lovely.

IT'S SO INTERESTING at this time of the year to clean out the old, bring in the new. And the men didn't make it on schedule—yesterday to the northeast

of Camp Fire Girls will hold

on two Saturdays, Feb. 9 and

10, at Old Orchard Country

Club.

There will be a display of the work of the Chicago Area Fellowship Club meeting at the home of John Waddick, 306 W. Main St., Elmhurst, on Saturday, Feb. 14.

The Recovery Ropes of

Illinois are asking for a piano accompanist. One with "piano experience" and a desire to help Call Father Bill Zavatini at the Rectory, 1000 W. 30th St., Elmhurst.

The "Ropes" are planning to

be on stage at the Parish Social on Feb. 14.

"Shout Night Off" so that everyone will, if they want, say a prayer for the recovery of your shoes, shed your inhibitions and relax; an adult education class will be held on Feb. 14 at 8 p.m. at the Rectory.

CITIZENS BANK INTRODUCES THE

"GOLDEN DOUBLE-DOLLARS

It makes all other

"Golden 5%" accounts of

**INSTANT WRITE-A-CHECK
LOANS AT ONLY 7%**
(others charge up to 18%)

**MEANTIME WE PAY YOU
5% ON THE SAME MONEY**

Now you can take advantage of a remarkable bank plan that lets you put your cash reserves to work earning you a full 5% interest—yet have all or part of your money instantly usable whenever you need temporary cash without disturbing the full 5% earnings on a single penny of your money!

Citizens' FDIC-insured "Golden Double-Dollars Plan" is the *only* bank account in America that gives you this extraordinary, money-saving "borrowing power!"

Here's how it works:

Open a Citizens "Golden Double-Dollars Plan" for \$2,500 or more. You start earning 5% compound interest from the very first day of deposit. You can add to your account at any time, in any amount. You can make a direct withdrawal with just 90 days' notice, or without any notices at all after 90 days, during the first 10 days of any January or July.

But here's the best part:

Instead of going through the time-consuming bother of applying for a loan (at annual interest rates up to 18% or more) or using a regular "Line-of-Credit" plan ("revolving charge" or credit card (again at interest rates of up to 18% or more)) you can simply write a check.

When the bank pays you back this creates an automatic loan at a simple interest rate of only 7% per year against the credit of your account. But in the meantime even the money behind this loan continues to earn you the full 5% interest. So in effect, you pay a net interest rate of only 2% per year until you repay the money at your convenience—either in full or in partial payments. And your interest is only for the exact number of days you use the money.

In addition to saving money, you've also saved yourself a lot of time, bother and paperwork! And you've avoided dipping into your cash reserves. There are no "service" charges of any kind for this unique plan.

The "Golden Double-Dollars Plan" makes all other

"Golden 5%" accounts obsolete because it's the *only* one that lets your dollars do double-duty . . .
... they earn a full 5% interest, which is *as much as*

more than any other "time" or "investment" account or certificate of deposit (under \$100,000) in all other Federal Reserve Member Banks in the United States.

... they are instantly usable as credit whenever you need temporary cash ... as simply and quickly as writing a check ... at a net interest rate which is far less than any other check-credit or "revolving charge" plan in the United States.

Start putting Citizens 5% "Golden Double-Dollars Plan" United Security Account to work for you. Just stop in at Citizens—the \$170,000,000 "on-the-grow" bank. Or use the coupon to open your account conveniently by mail. Include your check—or your passbook or certificate if you want to transfer the money from another bank or Savings and Loan.

FOOD has its DAY

Turn chicken into a festive treat

PINEAPPLE CHICKEN OLE

Sprinkle chicken with salt. Brown all sides in butter and oil over moderate heat. Combine ½ cup syrup drained from pineapple with crushed garlic, onion, tomato puree, broth, wine, pepper and herbs. Pour over chicken. Cover tightly and simmer 25 to 30 minutes until chicken is tender. Arrange chicken pieces on heated platter with drained pineapple slices. Blend cornstarch with 2 tablespoons powdered milk and add to chicken sauce. Cook and stir until thickened. Pour over chicken and pineapple. Makes 6 to 8 servings.

2 (3 pounds) frying chickens, cut up
1 tablespoon salt
2 tablespoons butter
2 tablespoons cooking oil
1 (1 pound 4-ounce) can pineapple slices
1 small clove garlic
1 ½ tablespoons cornstarch
½ cup chopped onion
1 ½ cups canned tomato puree
½ cup chicken broth or water
½ cup white wine
¼ teaspoon pepper
¼ teaspoon oregano
¼ teaspoon basil

Bravo! The American Meat Institute applauds the Spanish touch given into this flavorful round steak; a unique flavor to combine with the family's daily protein diet.

Make any meal a fiesta with Pineapple Chicken Ole, a blending of tomato, garlic, oregano and basil with bright slices of pineapple.

Round steak with Mediterranean flair

SPANISH-STYLE ROUND STEAK
3 pounds boneless round steak, cut
1 ¼ inches thick
½ cup flour
1 ½ teaspoons salt
½ teaspoon garlic salt
½ teaspoon pepper
2 tablespoons shortening
2 cups sliced onion
1 cup sliced celery
1 can (8-ounce) tomato sauce
¾ cup red wine vinegar
½ cup sliced, stuffed olives

Combine flour, salt and pepper. Pound seasoned flour into meat on both sides. Brown meat on both sides in hot shortening, turning once. Sprinkle remaining flour mixture over meat. Add onion, celery, tomato sauce and vinegar. Cover, simmer until meat is tender, 2 to 2½ hours. (A small amount of water may be added during part if needed.) Sprinkle olives over meat 15 minutes before end of cooking time. Serves 8.

Pleasing contrast

BEF STEW ESPANOLE
2 pounds boneless beef for stew
3 tablespoons flour
1½ teaspoons salt
½ teaspoon pepper
3 tablespoons lard or drippings
1 cup water
1 chopped onion
2 stalks stalks green olives
1 can (16 ounces) garbanzo beans
or 1 can (16 ounces) whole kernel corn, drained

Combine flour, salt and pepper. Dredge meat in seasoned flour. Brown in lard or drippings. Pour off drippings. Add water to meat. Cover tightly and cook slowly 1 hour or until meat is tender. Add olives and beans or corn. Cook just until heated through. Serves 6-8.

The National Live Stock and Meat Board recommends Beef Stew Espanole for its pleasing contrast of flavors as well as for the use of an economy cut of beef.

"Ole," shout the people of Spain when something strikes them as being especially fine. It's little wonder then that for centuries Spain's fine foods and wines have attracted as many visitors as its bull rings, fiestas and wind mills.

The conquering Moors brought to Spain the Moorish arch prominent in their architecture

and a masterful technique for blending spices. Spanish cooks prefer to use olive-oil for their cooking and though they do sometimes flavor their dishes with garlic and onions, they tend to avoid the "hot-pepper" taste favored by their cousins of Mexico.

Fresh Spanish produced fruits such as pimento, orange, olive, figs, peaches and melons lighten their dishes while sweet peppers and ripe tomatoes from Valencia are their favorite ingredients for sauces.

FLAVORFUL ROUND STEAK will take on a new taste appeal when surrounded by celery, onion, tomatoes, stuffed olives, garlic and red wine vinegar.

Boneless stew beef cubes can be treated similarly and simmered with garbanzo beans by corn for an equally protein rich dish with a traditional Spanish flavor.

Bright pineapple slices contrast with a flashing red tomato sauce in Pineapple Chicken Ole. The Spanish appearance is further enhanced by distinctive flavoring of oregano and basil.

REGARDLESS OF THE country, both beef and chicken are excellent sources of high-quality protein in the daily diet. Children especially need a generous serving of meat daily to insure adequate growth and development and adults need the protein to keep their bodies in a good state of health.

Weight watchers, particularly favor olive oil because an average serving contains fewer calories than most other oils.

Remember too that even the thrifty cuts of beef when cooked slowly and long in the presence of moisture such as in the soups will taste deliciously tender and can be distinguished from the more expensive cuts.

DISCOUNT SUPERMARKETS

Among the many advantages to Eagle's Discount Pricing Policy is that there are no limits placed on the customer's choices. In many supermarkets, a few weekend specials are offered, specials which limit the shopper to purchasing only one or two of the specially-priced item, or to purchase a specific amount of the item on hand. At Eagle, on the other hand, we offer (everyday of the week) more than 700 Discount Priced Items, and we impose no restrictions on the quantity each shopper decides to buy. A wonder so many homemakers have chosen to shop regularly at Eagle, where Discount Prices and "no-limits" policy can bring you cash savings on your weekly food bill. Check and Compare!

Hawk comeback bid stymied, 72-65

By Jim Alan Cook
Am. Sports Ed.

The Harper Hawks, under head coach John Gehle, made several sporadic runs, vainly attempting last night against the College of DuPage, and dropped the final decision, 72-65.

Down by no less than 10 points in each half, the travelling Hawks had to settle for a 52-52 lead after trailing 47-39 five minutes earlier.

BUT THE HAWK bid was fruitless, however, as a well-despatched DuPage team, employing a pick-and-roll offense around the Harper defense that often resulted in an open man under the boards, won the game.

The Hawks tried to counter the Chippewas attack with a three-point shot, but the visitors press at the outset of the second half, but a four-minute cold spell by the visiting team left Harper with DuPage time to play away.

Afterwards spiking Jim Mellett led the Hawk attack with 18 points on nine buckets, Kevin Ferini and Randy Ferri added 12 apiece. Harper replying with a free throw by Don Duffy.

and Jim Belanger's 19 points.

The game began with each team taking a bucket from his home team. He was rushed to the hospital and it was later learned that an orthopedist had to perform surgery on his knee.

They punched out to a 10-1 first quarter, with a 19-10 on field goals by Jerry Carson, Kevin Ferini and Randy Ferri. Harper, however, replying with a free throw by Don Duffy.

WITH 9:50 left in the half, George caught an elbow in the face which knocked him to his knees. He was rushed to the hospital and it was later learned that an orthopedist had to perform surgery on his knee.

After the accident, though,

Harper's Bell went on a 10-0 run, ending with a 29-19

lead.

India's free throw shooting

protecting the Chippewas'

advantage until both teams went to the locker room.

With 9:05 left in the half all of the visitors had DuPage holding a 3-3 margin.

Palatine boy, 3, killed as fire sweeps home

By Jeffrey R. Clarkson

Robert Gilmerstein's 3-year-old son of Mr. and Mrs. Robert Gilmerstein of 4008 N. Reynolds, was found dead at Northwest Community Hospital as a result of burns suffered in a house fire yesterday morning.

Also taken to Northwest Community Hospital were Steven, 7, who was at the home at the time of the fire, and the mother, Mrs. Corinne Gilmerstein, 31, who was sleeping in her neighbors' bed when the fire began.

Steven was treated for minor burns to his hands and face. His minister was treated for shock and minor smoke inhalation and released.

Police received the call at 10:00 a.m. Fire Chief Orville Hobbs arrived at the scene and found the basement family room

engulfed in flames. The fire engulfed the family room and spread up the stairs to the kitchen. Robert was found in a crib where he had been sleeping.

Police said that Steven was on the second floor when he heard an explosion. He ran downstairs to his brother's room and tried unsuccessfully to lift him from the crib.

Steven then called the fire department.

Police said a neighbor, who was sleeping in the basement, ran to save Robert before the firemen arrived, but was unable to remove him because of smoke and flames were so intense, he was

Police said William Cobb and Fred Lloyd arrived on the scene, and Cobb tried to enter the burning building to save Robert before the firemen arrived, but was unable to remove him because of smoke and flames were so intense, he was

not able to get to Robert. He later went to Northwest Community Hospital, where he was treated for smoke inhalation and released.

The FIRE TRUCKS arrived at the scene, and finally after Mrs. Gilmerstein told the police to leave, baby, the men were able to reach the burning house.

Emergency treatment at the hospital on Robert failed and the boy was pronounced dead at 11:00 a.m. His body was later taken by police to the Cook County Morgue.

Chief Hobbs said the cause of the fire is under investigation. He estimated damage to the home at \$7,000. The house is a two-story, single-unit, stucco structure.

Two other Gilmerstein children, Eddie and Debbie, were asleep at the time of the blaze.

2 Arlington high seniors named English standouts

Two Arlington high school seniors entered in a national English competition have been named among the outstanding high school English students in the United States.

Pamela M. Kurzka and Kevin J. Hayes were selected from 1,200 students nominated last year for achievement awards in the National Council of Teachers (NCTE) competition.

KEITH NOMINEE submitted samples of his best writing, including an autobiographical sketch. They completed two essays on topics of knowledge skills and literary awareness. They also wrote a one-hour speech.

State chairman directed judging team to highly qualify them and invited teachers to evaluate and nominate materials.

The judges chose 211 finalists, representing 440 schools.

Pamela is the daughter of Mr. and Mrs. Alan Kurzka, 2075 Fernside, and Kevin is the son of Mr. and Mrs. John E. Fremont, 1214 E. Fremont, both of Arlington Heights.

John E. Fremont died in 1968.

Four announce engagements

Pictured with Lee Phillips of WBBM-TV is the president of the Arlington Heights Junior Women's Club, Miss Robert Fletcher. The Junior Women's Club was one of the junior club's that participated in the "Toys for Tots" program. The club made 2,000 items for a store toy and toy role. The television viewers who requested the pattern made the items and sent them to various agencies in the Chicago area. The toys were sent to 29 different children's agencies, hospitals and orphanages in the Chicago area.

Miss Phillips has been sponsoring this program through her television show for over 15 years.

Miss Wilson

Dr. and Mrs. E. R. Wilson of Red Bluff, Calif., announced the engagement of their daughter, Julie, to Michael John Mancay, son of Dr. and Mrs. John Mancay, 1000 University of Arlington Heights, and now living in Chagrin Falls, Ohio.

Miss Wilson is a senior at the University of Wisconsin and will graduate in June with

a degree in secondary education. Mancay, also a senior at the University of Wisconsin, will be graduating this January with a degree in chemical engineering. The couple plan to attend the Carnegie-Mellon Institute of Technology in Pittsburgh, Pa., as a graduate student.

The couple is planning a late summer wedding.

Mr. and Mrs. Dale F. Gallo of Arlington Heights have announced the approaching marriage of their daughter, Diane, to Edward Van Lusen Jr., son of Mr. and Mrs. Adolph Van Lusen of Prospect. The wedding will be held on Jan. 17.

The bride-to-be and her fiance are both seniors at DePaul University, where Diane is majoring in history and Miss Galloway in art history and religion.

Future plans include graduate work for both on the East Coast.

Miss Galloway

Mrs. Hattie Behrens of Arlington Heights announces the engagement of her daughter, Diane Lynn, to Russell Stephen, son of Mr. and Mrs. Vernon Stephens.

Miss Behrens graduated from Wheeling High School this June. Her fiance, a graduate of Wheeling High School, is employed by Harper Junior College.

An August wedding is planned.

Pack 258 praised for aiding NORWESCO

The collection of canned and packaged foods for presentation to the National Council of the Boy Scouts of America highlighted the December activities of Scout Pack 258 sponsored by the Arlington Heights PTA.

Mr. and Mrs. Paul W. Brink of Arlington Heights announced the engagement of their daughter, Joan Marie, to Donald N. Schaefer, son of Mr. and Mrs. Lyte J. Woodstock of Whitefish Bay, Wis.

Miss Brink attended Virginia University, Charlottesville, Va., and graduated from Moorhead Secretarial School.

Her fiance graduated from the University of Wisconsin and is a member of Sigma Phi Epsilon. He received a scholarship to the university and is currently pursuing his hard work on an exceptionally cold day by thanking his father for his help in getting him to the altar.

Both are employed at Harris Trust and Savings Bank, Chicago. A March wedding is planned.

At 11:11 a.m. of the pack took part in the project, which was held on Dec. 13. Pack committee members gathered to help the scouts prepare the boy's hard work on an exceptionally cold day by thanking his father for his help in getting him to the altar.

Other parts of the pack included the decorating of Christmas trees with the help of the scouts to participate in the Elk Grove.

On Dec. 13, 1967, at 5 p.m. at Westford, Ireland, the Doyles have three other children, Lauren, Kevin and Brenda.

For further information or transportation, call the discussion leader, Mrs. Richard Coniglio, at 437-1165.

The Webelos of Den 11 each made four of different designs of snowflakes, fabric balls, globe, and Den 7 rag in a session with paper beads.

ASSISTANT CHIEFTAIN
Mrs. Gloria Schenck, members of the pack committee selected those who were most fit to receive awards and honors. The first award ribbon was Den 5, led by Mrs. Gloria Schenck, assistant chief.

Den 11 received a silver belt; Mrs. Gloria Schenck, assistant chief, received a wolf badge and gold and silver beads.

Webelos honored were Richard Arrow, Mike Lehrer and John Schaefer, all Den 4 merit award; Jeff Nance, Webelos sash, athlete and craftsman; Brian McLean, athlete and craftsman; and Jeff Nance, craftsman; Den 5 received Den 10 crest; Den 6 received Den 10 crest; Den 7 received Den 5, and Den 11 received craftsman awards.

Jeff Nance received a silver belt; Mrs. Gloria Schenck, assistant chief, received a wolf badge and gold and silver beads.

Other awards of achievement went to: John Schaefer, Den 4 again winning, with six of its cubes received; Jeff Nance, Den 5 again winning, with six of its cubes received; Brian McLean, athlete and craftsman; and Jeff Nance, craftsman; Den 6 received Den 5, and Den 7 received Den 5.

Good Company on a cold night

Good company, a steaming fire and something nice hot chocolate—there's no better way to end a cold night. This year, we've taken the work out of making hot chocolate. Just mix in a bag of R. C. Bigelow, Inc.'s new product, "Hot Chocolate Mix." This pre-prepared hot chocolate mix has the right amount of sugar and flavor added to it, so all you have to add is hot water, your favorite spirit and the company of your choice.

The hot mix, which also can be used to make hot tea, contains orange flavoring and sweet spices which are sure to please. It comes in a foil-wrapped bag. Contains: 1 lb. Hot Chocolate Mix. Mix is packaged in a heat-sealed jar, available for \$1.49.

st fine food and department stores

Hot Chocolate Mix is perfect for making a toddy or prefectly for making a hot chocolate. Add this to your evening menu. Add those who like to take a toddy as the classic, age-old drink. It's also great to add to without all the fuss of preparation. This delicious variety of hot chocolate mix is made by R. C. Bigelow, Inc., Norwell, Conn.

'Reach to Recovery' program organized in NW suburbs

Participating in the "Reach to Recovery" program of the American Cancer Society is Dr. James B. Cole, 303 Carol Ln., Mount Prospect, and Dr. Michael Horvath, 109 Westgate Rd., Mount Prospect, and Dr. John H. Healy, 201 Carroll Hwy., Rolling Meadows, unit service physician.

They attended the launching of the program recently at Elkhorn Ranch House in Chicago and will help organize it in the northwest suburban area.

The "Reach to Recovery" program, a nationwide program, is designed to help women who must undergo breast removal in cancer treatment. Women who have

been removed as volunteers are recruited as volunteers.

Dr. Cole gave:

"Volunteers will give advice on physical rehabilitation and psychological support to women undergoing surgery.

They will help with proper exercise, comfortable clothing and the use of prostheses. They will assist the patient's family in understanding her problems during her recovery period."

The program is scheduled to be in operation by early spring in the northwest suburbs according to Dr. Cole. Visits to patients will be made only with the full consent of the patient, and patients' names will be kept confidential, added Dr. Cole.

Sen. Ralph Smith (R-Ala) was a guest at a reception given by Republicans committee members of the southwest subcommittee Thursday afternoon at the Holiday Inn in Mount Prospect. He is a candidate in the Jan. 17 primary, along with two GOP leaders, Mrs. Vera Meyer of Arlington Heights, Wheeler Township, and committee member Mrs. Shirley of Winnetka, state central GOP committeewoman from the 13th Congressional District.

Senate candidates speak Monday

Wheeling Township Republians will hold a special candidates night program Monday to hear both GOP candidates for the U.S. Senate, Sen. Charles E. Mathias and William H. Reuschel of Lake Forest.

Richard A. Cowen, Wheeling Township commissioner, will preside over the program at the meeting at the VFW Hall at Yale and Northwest Hwy. in Arlington Heights.

The meeting will be open to the public and is being sponsored by all Republican organi-

zations of Wheeling Township.

Each candidate will speak, presenting his views on the key issues of the campaign. There will be an opportunity for the audience to ask questions after his talk.

The newsway officials are represented by both candidates first campaign trip into northwest Cook & County on Thursday evening. Cowen was invited in the area last week and is speaking in Schaumburg the following evening. Sponsored by the Republican Organiza-

tion of Schaumburg to visit. Sen. Smith made his

3 get 6 months supervision for shoplifting

YOUR CHOICE OF SIX

Beautiful Bavarian China Patterns in Three distinctly different shapes:

Here's how this exciting plan works:

- Simply add \$25 to your savings account or \$100 to your checking account or open a new savings or checking account in a like amount, and you will receive your FREE 3-piece place setting in the choice of pattern. See the display in our lobby and you will want to start immediately.
- This enrolls you in our FINE CHINA CLUB. Then, you can thereafter purchase a \$100 minimum deposit in your savings or checking account or \$200 to your savings account or \$100 to your checking account. Stamps must be paid on all checks drawn on your deposit. A \$50 minimum account deposit or a \$200 checking account deposit entitles you to a \$100 credit for the \$25 plus tax, a discount of 20%. Or, better yet, start another club!
- When you have purchased 22 stamps (\$25 plus tax), you will receive a 28-piece set of the pattern of your choice that consists of 4 dinner plates, 4 cups, 4 saucers, 4 salad plates, 4 bread and butter plates, 4 fruit-vegetable dishes and 4 soup dishes worth \$37.00.
- When you have completed the above plan in our FINE CHINA CLUB, we will add 4 additional pieces FREE so that you will have 32 complete sets of 7. Should you want more pieces, just add \$25 to your account and receive another \$25 credit for the \$25 plus tax.
- It is possible for you to complete your entire set of first choice immediately. Just open a new Savings Account for \$600 or more or add \$500 or more to your present savings account and you may purchase a complete four place setting of 28 pieces for just \$31.75 (plus tax).

Sorry, only one FREE place setting per family.

on Education has two members from the northwest suburbs, Mrs. Evans Evans of Elgin and Mr. James L. Woods of Lincolnwood, and could be selected to attend the Feb. 9 hearing.

Mrs. Jeannette Mullin of Barrington is on the Revenue Committee and Mrs. Virginia Goss of Elgin is on the Judicial Committee. One of these committees might also participate in the Feb. 9 hearing.

THE FOLLOWING day, Feb. 12, the entire delegation from the Constitutional Convention will meet in Chicago. If proposed, the hearing should be held in the hearing room of the University of Illinois Circle Center.

For two hours Thursday afternoon, the Constitutional Convention meeting as a committee of the whole, a resolution should be passed by the Delegates. Paul Eichard of Chicago proposed that the delegates make

a disclosure of personal incomes and financial holdings.

John Woods of Arlington Heights made his main statement before the Constitutional Convention.

Woods commented that the Constitutional Convention too weak to accomplish its purpose and that it should either be strengthened or voted down.

DAVE DAVIS of Bloomingdale said the Edward Commission had little significance in that the Constitutional Convention had no body without decision-making power.

Dr. Clyde Parker spoke against the Edward proposal, saying that if personal disclosure were to have been made, the Constitutional Convention should have been made a requirement before they left.

In the key vote, the Edward proposal was defeated 62 to 50 with four delegations present.

MRS. MACDONALD was appointed to a committee to list persons who should be invited to appear before the Con-Con Committee on the Bill of Rights.

Other members of the committee are Father Francis X. Lawyer, Victor A. Arriaga and Albert A. Raby all of Chicago. The Constitutional Convention is over the coming weekend.

The eighth meeting of the Constitutional Convention is scheduled for next Tuesday.

Letters to Editor

Dist. 59 set back not fatal

Editor: — Please excuse my printed letter to the Daily from Harlan R. Michel, president, District 59 Teachers Council, which I reported in Dec. 59. My letter was not succeeded. The recent reorganization of an educational fund, however, has provided a temporary set-back to some programs, but certainly not to one.

The rejection of an application may be a blessing in disguise. Limiting the number of students will test the maturity and ability of the administration. School Board members and the District 59 Al Walman, acting superintendent, will certainly devise plans for achieving

maximum education for our students with some of the non-essential extraneous procedures that receives full cooperation from the teachers, school board and administration.

It is time for us to settle down to the job of giving a top-flight education to the students and their families. We must be strictly personal goals. Let us make the most of what we have available. Let us not write obituaries until we have studied our resources and have a plan to make our educational system workable on available funds.

Ken MacEachern

Please note: I am writing this as an individual, not as president of the District 59 School Community Council.

Day light

By Joseph Stabenach

Take a deep breath.

Be grateful that you can still do so, even though breathing is becoming a topic of conversation.

If you are not tired of the very word "pollution" you are a rare case indeed.

MANY PUBLIC services performed by newspapers and other organizations to唤呼 to wail behind the ears, wipe your feet when entering the house, brushing

your teeth are all familiar forms of pollution, inflicted upon us by mothers, keepers that offering some very decent clean and healthy ways of life.

But the dirty subject of pollution will not sour itself but must be in a good cause: the protection of man and his environment.

The "Now or Never" bill

creating a council on environmental quality, signed by President Nixon as his first official act of 1970, was immediately endorsed by Illinois Atty. Gen. William Scott. The

urgent problems of air and water pollution, prevention of urban sprawl, appearance and health of the environment, the formation and implementation of a national policy to make local and regional planning more effective.

CLARENCE Kleven, assistant secretary for Illinois air and water quality, said the bill, signed into law Saturday, offers a hearing opportunity for the public to voice its opinion on proposed municipal improvements, exclusive of industry.

Breaking the figure down into 10 years is to the general public's benefit. Clearing proof of this is always provided by the record of the last 10 years following the Volstead Act of 1919. We dare say that there is no place in the whole country where state and national, all organized groups, with the best of intentions, have been more successful than the new upright citizens groups, which are bypassed and ignored by the powers that be.

THE NEW BILL, set to provide a better environment, and regulation therefore is one that should receive our full backing, if it has any positive effects.

Reduced to ten easier-to-digest steps, the bill may well view this present approach to the gigantic pollution problem as a welcome gift to the extra effort demanded of track men, who gets his second wind and restores the capacity of his body to do its job.

Make a little about what you want to do in the race against time. We're all in it, we can still come out winners. In the contest between the environment and dirt, our own suburban world and of the much bigger area beyond, just passing a law to control

people known to have colds.

Colds, like most infections, are self-limiting. You don't have to wait for the new over-riding national group to hand down the rules of thumb for actions on how to combat the menace of dirty air, filthy clothes, bad food, etc., which are at our doorstep.

Individually, we are responsible for our own health. You know that autos and trucks blow off pollutants along every mile of the highway. You know that the cold should be kept separate from the rest or washed in a bathtub. You know that handkerchiefs should be used, and after they are used they should be washed.

What is one cold in a household? A soap and water bath, especially if you have a cold, should be used.

If your cold is accompanied by a temperature of more than 99 degrees, you can get pregnant again. If you must travel, go by air, not by bus, rather than by air, since you are more at a medical infestation.

Northern congregations plan assembly

Albert F. Erickson, presiding minister of the Palatine Congregation of Jehovah's Witnesses, announced that he has invited the 15 other congregations in northern Illinois to plan their annual program segment at their semi-annual circuit assembly to be held in

Liberville, Ill., Jan. 23, 24 and 25.

Erickson said that over 2,000 are expected to attend the assembly. The recent meeting of ministers with John Steponow, special representative of the International Bible and Tract Society of Brooklyn, N.Y., was for the

purpose of planning and determining the 22 community departments needed to serve the delegates.

The highlight of the religious assembly will be a public address by W. M. Knott on the theme, "The Witness of the Father." This talk will be delivered Sunday, at 3 p.m., Jan. 25, at the Liberville High

School. "Jehovah's Witnesses all over the world have three conventions a year for the purpose of increasing their knowledge of the Bible and having an interchange of encouragement to help them remain strong in their Christian faith, especially in these critical times.

the themes for this convention are the whole from Matthew 7:29, 'Right Kind of Ministers.' " Erickson said.

An educational program of Bible education is being planned for the Liberville congregation, and the public is invited to attend the free services.

On Sunday, Jan. 11, at 3 p.m. the Presbytery of Chicago will conduct the Service

of Installation of the Rev. Stanley M. Teter as minister of the Presbytery. Thomas D. J. Clegg, professor of Old Testament Theory at the Divinity School of the University of Chicago, under whom Teter studied, will deliver the sermon.

The Rev. Harold Walker Jr., a fellow student at the Divinity School of the First Presbyterian Church of Chicago, will succeed him in charge of the pastor.

The Rev. C. Victor Brown, pastor of the First Presbyterian Church of Barrington will deliver the charge to the people.

The Rev. William T. Jones, pastor of Southminster Presbyterian Church, Arling-

Thrifty shopping yields tasty baked squash

By Margaret Murphy

We're getting home after a long time to thank our butcher for his help in picking the right raw foods to frost the hams and turkeys. We are flattered when you ask for advice and pleased when you tell us how well we have received. Besides, the next time an emergency arises, he will remember that we are here.

Speaking of meat, do you know that in a recent survey, it is the most popular food item instead of the potato? Most with better generally yield more meat per pound than the average meat, some ways as boned meat.

For meat with no bones or fat, such as ground chuck, allow four to five servings per person. For meat with bones, like chuck roast, allow three to four; with medium bone or fat, like round, two to three; and low two to three, with little bone, amount of bone, with little meat, key one to two.

IN BUYING, a large portion of the time is spent on the range of meat to buy. Frequently, I usually freeze my meat, planning to use it in a following batter. Dip in flour, eggs, milk and bread crumbs.

APPLE FRITTERS. Cut and core apples; cut them in half and dip in following batter:

1 cup flour
1/2 teaspoon salt

1 tablespoon sugar

1 slightly beaten egg

1/2 cup milk

1 tablespoon melted shortening

Add salt and sugar to flour and sift. Combine beaten egg, milk and shortening and pour into flour mixture and stir until smooth. Add apples and drop onto deep hot fat. Fry until delicate brown on both sides. Turn carefully and let them rise to the surface. Drain on absorbent paper.

BAKED SQUASH WITH SAUSAGE

2 small onions, peeled

1 pound pork sausage

Salt and pepper to taste

1/2 cup butter or margarine

Scrub and split squash. Scrape out seeds and strings, pulp, add water and boil until tender, then hollow of each squash half. Bake in oven, 400 degrees, for 20 minutes. Add 1/2 cup butter and 1/2 cup cheese to each and bake for 25 minutes longer. Serve with gravy as it rises to the surface. Drain on absorbent paper.

Homemade Delight

The theme of the monthly luncheon of the Arlington Heights Newcomers Club is "Homemade Delight."

Guests are invited to bring their favorite dishes to share.

Reservations are made with Mrs. Robert Miller, 259-8237.

APPLE FRIED CHICKEN. Cut and core apples; cut them in half and dip in following batter:

Area delegates hold positions on major Con-Con committees

By Richard Craib
(From Springfield)

The Con-Con committee that will develop and recommend a new constitution to the Constitutional Convention began its work yesterday. Delegates from the Northwest suburbs had positions on six of the 12 committees.

With record cold blanketing the Springfield area, delegates were asked to leave their 40-degree temperatures in drafty sections of the Convention Hall in the War Memorial Building. Springfield recorded 14 below zero temperatures yesterday, and an all-time record low was set.

The key note on the public debate issues came yesterday from Senator Edward F. Edward of Chicago proposed a much more restrictive amendment to the proposed constitution than are used by Illinois General Assembly of which Edward is a member.

FEARING THAT tight restrictions would hamstring citizens such as the League of Women Voters and the PTA, failing to gain support by the convention, the delegates turned down Edward's proposal.

The resolution got 54 votes, five short of passage. The resolution, which would have required adherence to some of the same lobbying guidelines that apply to State Statutes.

Edward also has a tough proposal before the convention on how to handle the state's share of income. This question is scheduled to be acted upon today, and it appears likely to be defeated.

PRESIDENT SAMUEL W. WITWER brought the convention to grips on Wednesday with his proposal to ban the holding of public hearings throughout the state on key constitutional issues.

Witwer recessed the convention for an hour Wednesday to allow time for him and his committee chairman, the representative advanced for the bill.

Witwer also held a special evening meeting on the same question. A public hearing on public Con-Con hearings outside of Springfield is to be placed on the agenda of full convention Thursday afternoon.

DELEGATES in each of the 58 districts were requested on Wednesday to designate the best locations in their areas for holding public hearings on the proposed constitution. Mrs. Anna Evans and Dr. Clyde Parker, former District 11 delegates, recommended the Municipal Building in Des Plaines Park Ridge and Wilmette.

In the 13th District, Mrs. Virginia Macdonald, a delegate from Arlington Heights, proposed the Municipal Building in Arlington Heights and for a public hearing at the Arlington Hotel.

The Committee on Local Government, of which Woods is a member, met for its first work session Wednesday. In addition to the creation of 10 new units of municipal county and townships, the committee approved the seeking of recognition from the Northwest Illinois Regional Commission, Cook County, the Northwest Indiana Regional Commission and the Metropolitan Sanitary District.

NIU TO OFFER classes at Maine West

Northern Illinois University's Extension Division will offer a graduate men's course in education for the Deaf during spring semester, school officials said Tuesday.

The Psychology of Coaching, Phys. Ed. Men 511, will be presented Monday nights, 7:30-9 p.m., at 24th and Main Township High West, 1755 S. Woodlawn.

The course, for three-seminar-hours credit, will begin in February and will be taught in DeKalb by Dr. John M. Dean, of NIU, DeKalb.

THE LOCAL Government Committee asked the convention to approve the holding of 10 public hearings throughout the state. It would be in the Chicago area one each in Chicago, Wheeling, Skokie, Bellwood, Bellwood, Mrs. Jeanette Muller of Barrington, was appointed to the committee to determine whether delegate James E. Gierach of Elgin and delegate at the convention, had resigned as vice-chairman of the Bill of Rights Committee calling for a week.

HIS ACTION on over 100 bills in the Senate to appoint either a Negro or a woman as chairwoman of the special committee to determine whether delegate James E. Gierach of Elgin and delegate at the convention, had resigned as vice-chairman of the Bill of Rights Committee calling for a week.

The problem of leadership for the Bill of Rights Committee, which Mrs. Muller had been chairwoman of, was left last Wednesday. James Kemp,

negro labor leader from Chicago and delegate at the convention, had resigned as vice-chairman of the Bill of Rights Committee calling for a week.

Venereal disease is growing problem for county, state

According to the National Communicable Disease Center says gonorrhea has increased dramatically in the last several years and is now out of control in the United States," said Dr. Jean Branding.

In fact, he continued, "there are more cases of gonorrhea than there were measles, mumps, rubella and German measles combined. That disease becomes the number one communicable disease in the state. The incidence of gonorrhea is also the increase you'd expect from prevention of birth defects, genetic conditions to contribute greatly."

The Director of the National Communicable Disease Center says gonorrhea has increased dramatically in the last several years and is now out of control in the United States," said Dr. Jean Branding.

"Gonorrhea is the first step in many other diseases," stated Dr. Hall. "Because gonorrhea is extremely common in the general population, it is safe to assume that it will spread immediately and rapidly."

"DOCTORS ARE CALLING attention to the fact that they treat that they treat these four to four times more cases of gonorrhea than they have for the past 10 years," he said.

"Cook County and Illinois are not alone in experiencing a skyrocketing rise in gonorrhea cases," he said.

"More Illinoisans contracted gonorrhea last year than caught measles," he said. "Hall also noted that the incidence of gonorrhea in the United States is now out of control in the United States," said Dr. Jean Branding.

The recently-passed tax reform law has created a withholding tax quirk, according to Commerce Clearing House.

Under the new law, withholdings drop in the federal income tax surcharge from all of 10 percent for the first half of 1970.

However, a close examination of the withholding tables that became effective Jan. 1, reveals that in some instances the tax will have to be withheld at a higher rate than in 1969 tables.

Roughly CCH said, the

result of higher withholding

occurred for taxpayers in the

\$3,000-\$7,000 income range,

mostly married taxpayers

with three or more dependents.

FOUR FACTORS are cited by the Internal Revenue Service as the cause of the group of higher withholdings.

The new low-income allowance of up to \$1,100, which replaces the old minimum standard deduction, was

integrated into the withholding rate schedules.

2. When computing average withholding for individuals in the new categories created in 1969 last year the \$600 exemption (\$1,100 minus \$700) will be small. Under 1969 law and therefore his surcharge will be small. Under 1970 law he will have a larger surcharge because the new law increases the benefit of the old minimum standard deduction. Under

1970 law, this base is \$400.

3. A taxpayer in the categories in question actually will pay less in taxes under the new tax law than under 1969 law and therefore his surcharge will be small. Under 1970 law half of his surcharge is even half of his surcharge under 1969 law.

4. That under the new computing change wipes out the benefit of the old minimum standard deduction. Under

1970 law, this base is \$400. Putting method the annual amount withheld in these instances would be slightly higher than under 1969 law.

The fact that the surcharge is cut in half and the low-income tax surcharge is reduced to a lesser ultimate tax liability and the total amounts withheld than under the 1969 rules, CCH said.

CCH GAVE two examples

of this annual withholding situation under the wage-bracket tables.

A married employee with five exemptions will pay \$270 less in taxes. Under the 1970 law, he would be withheld \$120 less in taxes.

Another employee, unmarried with three exemptions, is

paid \$10 weekly. Under the 1970 law, he will be withheld \$12.30 with the same number of exemptions.

The IRS has said the new 1970 tables in almost all instances will result in a better withholding, but it will not affect income tax liability and the total amounts withheld than under the 1969 tables, CCH said.

Awards dinner will honor volunteers

The second annual awards dinner of the Junior Volunteer Center Volunteers will be held Sunday afternoon, Jan. 18, in the Hotel Stratton Hall.

Other speakers will include a beef dinner, presentation of awards for hours, 100 hours, 200 hours and 500 hours, a fashion show featuring eight Junior Volunteers modeling their own designs, and a silent

shop in Arlington Heights.

During the awards presentation, the volunteers who will be "capped" — signifying that they have accumulated 250 hours — will receive caps at St. Al's Church.

Those receiving caps will be Kathy Fleming, 14, of Elgin; Linda Koenig, 17, 78 Woodcrest Ln.; Pat Rader, 13, and Laurel Sue Schaeffer, 14, both of 100 Elk Grove Village; Linda Rebick, 2125 Vermont; Rolling Meadows, 16; and Linda Sauer, 17, Bradley, Hoffman Estates.

Mrs. Richard Dowdle, Auxiliary president and chairman, will present the awards. She will be assisted by Mrs. Carol H. Johnson, American Health Care chapter.

THE JUNIOR VOLUNTEER program at the three-year-old hospital in Elk Grove Village began in January 1968. The program graduated 50 young people last June.

The teens, between the ages of 14 and 18, gave up many hours of their time during the week. Boys as well as girls participated.

Currently, Junior Volunteers' assignments varied from reception desk, snack shop, laundry, library, visiting and visiting patients, making beds, preparing trays.

By now, more than 150 teens had become Junior Volunteers. Some travel great distances to work at the hospital in Alexis, but the majority reside in the nearby northwest suburbs.

Especially the Juniors are particularly active during the summer months, when the hospital is a continuing care. Many of the youngsters work after school hours and weekends during the school year.

IN APRIL, 1969, the Junior Volunteer program was initiated for Junior Boys. Under the direction of Mrs. Ralph Bowes, the junior program was designed to encourage boys and girls 15 years of age and older to gain an interest in a health career.

Each application for the program is checked to see if the applicant is eligible. Those who are eligible for the program are oriented for duty on general medical wards. In addition, they are supervised by hospital nurses.

The Juniors they perform give them an opportunity to observe what professionals do. They are taught how to wash fresh water, helping with feeding, passing medications, giving enemas, writing letters and keeping patient rooms, volunteer and family rooms.

Such attention often makes the difference between a pleasant and an uncomfortable hospital stay.

Junior Boys and Girls, not in the Health Center program, continue to engage in the various programs of the hospital.

Schaumburg to sell auto tag at night

Schaumburg residents unable to get to the village hall during regular business hours will be able to buy their 1970 automobile vehicle stickers in the parking lot of the Village Club, 200 Carroll.

The village offices will be open only from Jan. 8 to Feb. 12 for the purchase of stickers.

No other business will be transacted during these special hours, said Mrs. Carroll.

Police will begin ticketing vehicles failing to display a current sticker Feb. 15.

Upset-minded Lions host ranked DeLaSalle

By George Hahn

ST. VIATOR head basketball coach Ed Wasilewski isn't about to come along and predict a victory over anyone, but that's what one would deduce from his statement.

The Metros, which have been ranked as high as 10th in the state, are 10-10. Now, Wasilewski thinks he was fed up. "Myself you were, but I wasn't shocked," he said. "I think our squad has the capability to beat anybody," he continued. "We're the favorite and the defense."

But he added the team's morale is at an all-time low in whether the team will win or lose. "We can beat anybody if we want to," he said. "It's a state of mind. I never take a half club any-

where unless I know I can win."

Although one would expect a team to be elated after losing, the Cards are still reeling from the loss to the D.L.S. It has found nothing to move forward.

WAISELWESKI explained this strange phenomenon. "We feel that there are four or five good teams in the league right now," he said. "St. Viator is just as good as St. Ignatius, so no one is going to be able to beat us."

DeLaSalle placed second in the CFC tournament at the end of the year, while the Wolfpack of Ignatius, but the weary Metros never had a big lead in any game. They have had a pack and lost on a few occasions.

Since then they have been in non-conference games. The Metros players play well together, but stand behind their coach and Conant. Prospect, meanwhile, has given them a real big game for us," Arneson said. "We have to get off on the right foot this weekend. We have to play hard and Honeray on the road next week. Elk Grove at home the following week and then Wheaton at the road again the week after that."

THE METROS are the players who might make Wasilewski think twice about their

luck of superstition. Oello Burke, who was an all-conference center three years ago, is a pivot, though, but to the surprise of many, he has not stirred his basic plan of attack, however.

Forest View will try to jump into the top tier of the conference when it hosts cold-blooded Lincoln Park in a key mid-Suburban League basketball game.

Conant, Kaneland and Forest View are pre-season favorites along with Honeray but stand behind their coaches to share first place with Arneson.

FOREST VIEW has taken its game to another level this year. It's a team effort, and they have a well-balanced team.

THE METROS are the players who might make Wasilewski think twice about their

slight advantage in height, and the Lions may have trouble finding enough tall people to accommodate the size of their center. Wasilewski has not altered his basic plan of attack, however.

They've been in all year, according to Burke.

"Going a lot more shooting,

scoring, something neither is accustomed to doing. Coffey and I have added a new, smaller rim to fit inside the regular one to sharpen their shooting eyes.

Bob Rech have been the heart of the year. We stretched out

him from the freshman guard, but he came back out and his

Conant's 22-point perform-

ance against Ignatius surprised

its coach. "It's amazing to

see that well against Ignatius," he said. "It's one of the toughest guards in the league. He's got to score 22 points against him is a real achievement."

Limestone,

Charlottesville, Virginia

Limestone Farm is located Seven miles east of Charlottesville, Virginia on the Richmond Road U. S. route # 220. Limestone Farm was owned by James Monroe, 5th President of the United States.

Monroe served in the Revolutionary War. House of Delegates in Virginia; Minister to France; Governor of Virginia; Minister to Great Britain and Envoy to Spain; Secy of State; Secy of War, and then President in 1817.

The wings of the house shown here as well as a Brick & Frame building at the rear of the main residence were built in 1794 as evidenced by the carpenter marking on a beam and also listed on Monroe's Insurance policy dated August 1800, and signed by James Monroe in which he states "occupied by myself".

Limestone Plantation is a part of the grant of 1200 acres patented by Charles Lewis in 1731, which was located on both sides of the Rivanna River.

Limestone's buildings date to Aug. 30, 1794, as seen

on the carvings on the beam of the Monroe Law office, which stands to the rear of the main dwelling.

Land for the University of Virginia & Monticello was taken from this farm. This property is now owned by Mr. & Mrs. Donald D. Florence, who purchased it in 1948. Mr. Florence is President of F. B. K. Realtors with offices in Arlington Heights and Mount Prospect.

Don't send children early Churchill principal asks

Principal Carol Gold of Palatine's Winston Churchill School, has asked for mothers and fathers to consider making sure children do not arrive at school too early.

"This practice will be discontinued because many of our children are arriving earlier, causing supervision difficulties since many teachers are not available during their teaching day until 8:30 a.m.," she said.

"Your cooperation in timing your children's arrival in the morning to coincide with the start of bell and in the afternoon with the 3:15 bell is urgently needed."

Make this year your Mount Prospect State Bank Year!

the Banking Center of the Northwest Suburbs!

JANUARY

Most New Year's resolutions involve wiser use of money. The Mount Prospect State Bank offers 4% interest on Regular Savings and a big 5% on Golden Regular Savings... COMPOUNDED DAILY... payable quarterly. Make a promise to save more in 1970... start now.

FEBRUARY

Traveling to the Sun Country for a winter vacation? Get a vacation loan from us. And a handy American Express Executive Credit Card comes with the loan to help pay all those unexpected expenses - and more.

MARCH

Lucky indeed if you get through the winter without medical or dental bills. Prescription for big bills: a Mount Prospect State Bank personal loan. For spring shopping... a Ready Credit Account lets you "overspend a little."

APRIL

To help you sweep the snow off the roof of your budget, we offer a "Snow Bird" Loan. (For tax, medical and other emergencies, a Short Duration Personal loan is available.)

Mount Prospect State Bank makes loans for super summer fun such as boats of all types and sizes... new and second-hand including all marine equipment. (If you're heading for a boat, don't forget to buy a boat.) Cheques on your trip prevent the loss of your hard earned cash.

JUNE

We've started many happy married couples on the road to solid financial security with a sensible Savings Program of "Growing Interest." (We can also be a good source of financial aid for the bride and the bride... just ring our bell anytime.

AUGUST

To keep cool in hot weather, a checking account is a "must." You pay by mail, quickly and conveniently and a NO-COST checking account saves you money, all year 'round.

The future continuing education of your family is important. Let us show you how a high interest Education Savings Program can assure your children's future education and success. . . . our Trust Department can show you all the many ways to assure a better life for you and your loved ones.

SEPTEMBER

Winter's here... and you'll be spending more time indoors. If a new color TV., built-in range or new furniture make your home life more comfortable... go ahead and lay it out what you want and we'll be glad to arrange a convenient loan, quickly and easily.
